WORLD NEWS IN REVIEW

Hitler Marches Again

German troops this week occupied Czech provinces in the name of Adolph Hitler, despite the hatred expressed by the conquered citizenry.

This move did away at one fell swoop with the post-war Czecho-Slovak republic. Notable was the fact that the European democracies, Britain and France, and others who helped create the republic as a part of the World War settlement, lifted no finger.

F. R. Asks for Funds

President Roosevelt this week asked Congress for an additional appropriation of $150,000,000 for WPA. He said unless the amount were granted nearly 5,000,000 people would lose the source of their livelihoods.

Good News

Dr. Charles F. McKhann of Boston told doctors at the Dallas Southern Clinical Society's spring conference this week that the medical profession had whipped pneumonia, America's No. 1 killer.

"People just won't die from pneumonia any more," said the associate professor of pediatrics and communicable diseases from Harvard Medical School.

The British invented sulfapyridine last spring, he explained. This week it has been licensed by the Food and Drug Administration and for the first time is available to every physician.

The British contend sulfapyridine is just as effective against streptococci pneumonias, Dr. McKhann said.

American Way

"This is the American way, where men gather to plan roads for the enjoyment of people and not for the destruction of humanity," said Comedian Eddie Cantor as he officially opened the thirty-sixth annual convention and highway exhibit of the American Road Builders' association in San Francisco Civic auditorium last week.

"Highways of Tomorrow" was the theme note of this conclave of 20,000 road builders from the 48 states and 25 foreign countries.

Egypt's Princess Weds Iran Crown Prince

Princess Fawzia (left) of Egypt, fair sister of popular young King Farouk, was married this week to Prince Mohamed Riza, heir apparent to the throne of Iran (Persia). Photograph shows King Farouk discussing the wedding with the venerable Sheikh El Maraghy, religious head of all Islam, who performed the wedding ceremony.

Mrs. O'Rourk Represents D. C. At Meet

Mrs. Jean O'Rourk, local librarian, represented Daly City at the Librarians' and Custodians' meeting at the courthouse in Redwood City Saturday morning.

Chief speaker on the program was Carroll D. Hall, Redwood City, former editor of the Tribune and author of the recently published book, "The Terry-Broderick Duel." He reviewed this work for the county librarians, and exhibited books and documents containing the sources of his information.

Other Speakers

Other speakers were County Executive Frederick Peterson and Mrs. Dorcas Reid of the library staff who recently published in the magazine "Wilson Bulletin" an account of the Half Moon Bay branch of the county library.

Miss Hilda Schneider, public health nurse, explained procedure to be followed with county library books during epidemics.

After the meeting adjourned, the group enjoyed luncheon at a popular restaurant in Redwood City.

Mkt. Street Railway May Seek 10-Cent Fare

Possibility the Market Street Railway may ask for a 10-cent fare or face bankruptcy was revived late last week following publication of a California railroad commission report showing that the company's revenue had shown only a slight increase during January in spite of a fare increase to 7 cents. The company's revenues exceeded operating expenses by a little more than $74,000 with taxes and depreciation to be deducted from that figure. The corresponding figure for January, 1938, was approximately $73,000.

Company engineers had estimated that the change to a 7-cent straight fare from four tokens for 25 cents would increase revenues $25,000 a month.

Bank at S. F. Fair Open 12 Hours

There's no wisecracking about "bankers' hours" on Treasure Island.

At the Bank of America, in its streamlined building adjoining the Gayway at the California World's Fair, usual hours don't mean a thing.

The bank is open for twelve hours every day, seven days a week, and will be throughout the World's Fair, from now until next December 2. It won't even close on national holidays, and on Sundays it does as rushing a business as on any other day of the week.

"Bankers' hours" mean from 10 a. m. to 10 p. m. on Treasure Island. Complete banking facilities are maintained at the Treasure Island branch of the bank and hundreds of Exposition employees and those who work for exhibitors and concessionaires have their accounts there.

Organize Harmonica Class For Grammar School Pupils

Organization of a harmonica class for boys and girls of the primary and elementary schools was announced this week by Jerry P. Hull, W.P.A. recreation director. The class will be held at the Recreation department office, 101 Park avenue, each Monday from 3:30 p.m. to 5 p.m.

Mr. Hull invites children who are interested to enroll at the office any school day. He also states that he can secure harmonicas at a very reasonable price. No charge is made for the class, and with the assistance of Mrs. Douglass, the instructor, it is believed that a fine harmonica orchestra can be organized in a short time.

Study 3- Point Plan to Speed Ambulances

The county traffic safety commission last Friday night began a study of a 3-point plan to increase the availability of existing ambulance services in the movement inaugurated by Colonel Robert Roos, Hillsborough, to decrease the Bayshore highway accident menace.

The proposal would include:

1. Installation of a call box system at stated intervals and strategic points along the 23-mile stretch of Bayshore highway in this county, to be hooked up with established police and fire departments.

2. Standardization and enlargement of the present public phone service along the highway, with better identification of public phone locations, and special numbers to facilitate emergency calls.

3. A central dispatcher for the ambulance services, with the dispatchers on 24-hour duty.

The commission, working with the three committees to determine the accident reduction program, agreed that the present hospital and ambulance services are adequate, but that the lack of availability is the greatest fault. It was of the opinion that ambulances should move like the fire department, and that the dispatcher should know the location of each ambulance.

A large number of first aid stations along the Bayshore, particularly in the north end of the county, and better marking of existing stations, was also recommended. One at Bayshore City and one at Mills Field are the only northend first aid stations at present. The south end is well taken care of.

More Than Quarter Of Million See Alcazar Hit

More than a quarter of a million Californians have seen "Run Little Chillun," the salty all-Negro musical drama now in its ninth week at the Alcazar theatre.

This production is hailed by the critics as one of the best ever produced by the Federal Theater project.

Amazing, indeed, is the fact that many of the colored members of the cast had never before appeared on the stage—yet they have been able to give performances to rival those of finished troupers.

Inherent Ability

"Run Little Chillun" is exciting, living proof that artistic ability is inherent in the Negro race.

Justitia Davis, for instance, is a 20-year-old Oakland girl, brought up in a Baptist Church. Her father is the minister in the largest church of that denomination in Seattle, Washington.

With no stage training, she stepped into the role of Sulamai, the temptress from Toomer's Bottom, and each night she wins enthusiastic applause.

Following the sensational run of "Run Little Chillun" will come "Two A Day," a cavalcade of old time vaudeville which has been playing for four months straight in Los Angeles. "Run Little Chillun" will probably continue until middle April.

Tanforan Spring Meet Will Open Saturday

Expect Equine Population To Reach 1,100 Mark By Time Bugle Sounds for Inaugural Handicap

Six hundred thoroughbreds, embracing some of the finest horses seen under silks at Santa Anita, have been arriving hourly at Tanforan for the 25-day meeting which starts Saturday, March 18. The total equine population is expected to top the 1,100 mark by the time the bugle sounds for the six furlong Tanforan Inaugural Handicap tomorrow (Saturday).

Leading off the list of crack stables which will race here is the formidable Charles S. Howard string, numbering 40 thoroughbreds. Half of the stable is already here, and the other half is expected early next week from Santa Anita.

Kayak II, winner of the $100,000 Santa Anita Handicap, and winter racing's boldest challenger for the 1939 thoroughbred crown, is expected next week, along with his stablemate, Sorteado, the Argentine "triple crown" winner.

Riding Lineup

Johnny Adams vs. Johnny Longden! That's the riding lineup for the opening of Tanforan tomorrow (Saturday). These two brilliant booters, Longden, the 1938 champion and Adams, the 1937 titleholder, will be starting favorites to capture the spring championship of Northern California's big racing season.

Tanforan will have, in addition to Adams and Longden, some of the foremost riders in America. Jack Westrope, who made a smashing return to silks toward the end of Santa Anita, will ride here. The flashy Ralph Neves, long a California favorite, will be in the saddle. Then there's Charley Corbett, Carroll Bierman, George Woolf, Albert Siler, Allen Gray, Willie Dennis, Frank Chojnacki, Fred Miller, M. L. Fallon, W. F. Ward, Burt Reynolds, Tim Sena, and others.

Strings Arrive

Meanwhile, among the hard-hitting strings which arrived, include the stables of Mrs. James F. Waters; Raoul Walsh, Fred Turner jr., Lawrence Barker; David Butler, Harry Curland; George Glick; Mrs. Teresa Loeff; Earl Beezley; W. B. Simpson, and a number of smaller outfits.

Nominations for the Inaugural Handicap closed Thursday and weights will be released today (Friday).

Will Establish Weather Station on Coastside

Agricultural Commissioner Max J. Leonard announced last Friday that his department will establish a weather bureau one-half mile north of Half Moon bay to gather data necessary for Coastside agriculturists.

The station, to be operated by Inspector Frank L. Bello, will collaborate with the U. S. Weather Bureau, and will gather daily temperature and precipitation statistics, Leonard said. Both air and soil temperatures will be taken, to gather information needed for sugar beet planting.

The Coastside has no weather station at present, according to Leonard.

Dr. Fred T. Foard, San Francisco regional consultant for the United States public health service and resident of Burlingame, has been requested by his superiors in Washington to make the public health survey of San Mateo county and prepare a report for presentation to the supervisors at his earliest opportunity.

The county board was so advised Wednesday by Dr. E. R. Coffey, assistant to the U. S. surgeon general, following inquiries by County Executive Peterson as to whether the USPHS had agreed to make the survey, and when it would start.

Dr. Coffey's reply said Dr. Foard will communicate with the board "in the near future" relative to arrangements for the survey.

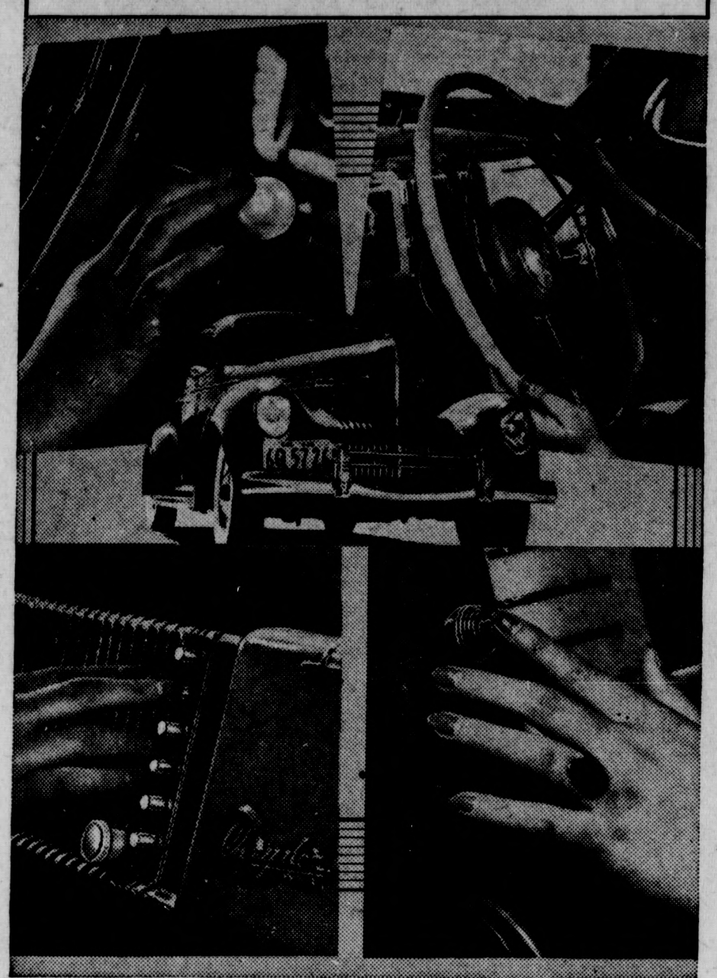
New Auto Operates With Finger Tips



Remember the old days when it took muscle to be a motorist? Now see what the weaker sex has brought about in motor car development—"finger-tip control." A finger-tip gear shift on the steering wheel—finger-tip horn ring—push button radio control—finger-tip starter button on the instrument panel. All of these refinements are incorporated in the new 1939 Chrysler, making it much easier and safer to drive, according to A. L. Timossi, local Chrysler-Plymouth dealer, 6465 Mission street.

Question Bee For Motorists

If You Like Question Bees, here is a problem for motorists that comes from the National Safety council:

Suppose you are driving up to an intersection and there isn't any signal or policeman. Walking across the street in a marked crosswalk in front of you is a pedestrian.

Which of these should you do—

1. Blow your horn for him to hurry across?
2. Come as close as you can, so as to warn him not to try such a thing again?
3. Speed up so you can pass by in front of him?
4. Stop and tell him what a dangerous thing he is doing?
5. Stop or slow down to give him a chance to walk across in front of you?

What is the right answer? We leave it to you!

State Auto Assn. Urges "Teeth" For Parking Law

Adoption by the Legislature of a measure designed to put "teeth" into ordinances against overtime parking and parking in prohibited places, and to make the registered owner answerable, was urged by the California State Automobile association in a statement last week.

A similar measure was supported by the association at the Legislature two years ago and was passed by the Senate, but not by the Assembly.

Strengthen Plan

Amendment of the pending bill will be sought by the association to strengthen the plan against legal attack, the statement said.

The need for such a measure and how it would work in the proposed amended form were reviewed by Percy E. Towne, association general counsel and chairman of the public safety committee of the board of directors, as follows:

"The enforcement of ordinances against overtime parking and prohibited parking has been at a standstill for the past three years in the larger cities in California. The reason for this deplorable situation is technical in character.

No Legal Significance

"Under the present laws the mere attaching of a parking tag to an unlawfully parked automobile is an idle act and of no legal significance if the officer had not personally observed the driver violating the law and could not testify in court as to the offender's identity. This has resulted in a general disregard of all parking regulations. Curbs are now lined with 'all day sleepers' with the result that thousands of motorists are denied their rightful share of available parking space.

"The situation is one which demands immediate correction so that all may enjoy equal rights. To this end a bill has been introduced at this session of the Legislature to make the registered owner answerable for illegal parking."

Millions throughout South America and Asia will hear about the California World's Fair daily over a new and powerful short wave station of the General Electric Company, broadcasting direct from Treasure Island.

World Famous Highway Displayed at Club

California's world famous Redwood highway, in the heart of the Redwood empire, is displayed in part by a hand colored photo-mural, in the National Automobile Club Exhibit in the Golden Gate International Exposition. In the building known as vacationland, hangs a pictorial scene of this highway, bordered by Sequoia Sempervirens, those majestic trees which adorn the California Coast, the oldest living things on the face of the earth, reads part of the caption below the mural. A generous share of the sentinels of beauty, where the road weaves for over 100 miles through columns of regal redwoods, is in the Redwood empire, which boasts 97 per cent of the world's supply. Some of the gigantic boles tower 350 feet in height.

Boy Scout Troop No. 141 Meet

Last meeting of Boy Scout Troop No. 141 was well attended. Two candidates, William Starkey and Robert Johnson, reported progress in their Tenderfoot test work.

The troop is planning a camporee during Easter vacation. It will be on the patrol basis, with prizes awarded for camping efficiency.

Regular monthly pack meeting was well attended, with 36 cubs, two den chiefs, two den mothers, and a number of visitors present. Den No. 6 won prizes for the largest number of craft articles on display and for the best stunt.

Joseph Straughan, cubmaster, announces that the pack grandmother, Mrs. Della Phelps, is ill; and requests that all cubs or scouts who call at the house will be as quiet as possible. Responding to a suggestion of Reverend Lewis' last Sunday, many of the boys have brought beautiful bouquets which she has greatly appreciated.

Among the cubs who are doing fine work in the airplane glider club are Peter Marvelias, Frankie Devlin, Bobby Thompson, Richard Raanes, Bobby Statton and Glenn Wilkes.

Chrysler Announces New Coupe

Announcement was made yesterday by A. L. Timossi, Mission Auto company, Chrysler-Plymouth agency here, that the Chrysler corporation has added a new car to the present group of models, known as the Saratoga Club Coupe. The new car, it was stated, is unique in design, incorporating several new features which have not heretofore been used in automotive design.

"The new Saratoga coupe, which will shortly be available," declared Tomossi, "offers a new and unusual seating arrangement which allows the interior of the car to accommodate three or four times the ordinary amount of luggage. It is primarily designed for the man or woman who seeks the utmost in luxury and equipment.

Auxiliary Seats

"In the rear of the coupe," continued Timossi, "two large comfortable auxiliary seats are provided. When not in use, these seats fold into the back of the body and are completely covered by an upholstered panel. Permanent arm rests on each side of the auxiliary seats add to comfort, and the body has been lengthened over that of the conventional coupe to give ample leg room. The front seat accommodates three persons, giving the car a total capacity of five people."

Timossi stated that the new Cruise and Climb transmission, which has attracted so much attention in automotive circles, is standard equipment on the Saratoga Club Coupe.

It is wise to remove valuables from the car at night, even if it is left in the most reputable storage, according to the legal department of the National Automobile club. Most places make no guarantee against small articles being pilfered.

Combine Pork Chops And Apples For Tasty Dinner

There Are Many Delicious Ways to Combine Them, Says Home Economist

Pork chops and apples are an old, old combination, but a favored one, just the same. The tart flavor of the apples seems to enhance the rich, delicious flavor of the chops and makes the whole meal just right.

In order that pork chops and apples may make a real menu standby, it is necessary that there be variety in the way these two favorite foods are prepared. According to Inez S. Willson, home economist, there are many ways to combine them. For instance, the pork chops may be stuffed, and served with apple quarters which have been browned in the pork chop drippings. Or the pork chops may be filled with an apple stuffing. Or the pork chops may be cooked en casserole with apples and sweet potatoes. Here are suggestions for preparing and serving these two foods together.

Stuffed Pork Chops with Apples

6 double pork chops
1 cup bread crumbs
1 cup corn pulp
1 teaspoon powdered celery leaves
Salt and pepper

Have pork chops cut thick, and a pocket cut into the center from the side next to the bone. Make a stuffing from the bread crumbs, corn and seasonings. Fill the pocket. No skewer is necessary when the pocket is cut from the rib side of the chops. Season the chops with salt and pepper and brown on both sides in a hot skillet. Add a little hot water, cover the chops tightly, and cook slowly until done, about one hour. Pork chops always should be cooked slowly until thoroughly done in order to bring out the rich, delicious flavor.

When the chops are done, remove them to a hot platter and keep warm. With part of the drippings, brown and cook apple sections, and with the rest, make a rich brown gravy.

Instead of using apples as a garnish and accompaniment for pork chops, you may want to use an apple stuffing. Here is the way it is prepared:

Apple Stuffing

2 slices salt pork, diced
½ cup chopped celery
½ cup chopped onion
1 cup bread or cracker crumbs
¼ cup chopped parsley
5 tart apples, diced
½ cup sugar
Salt and pepper

Fry salt pork until crisp. Cook onions and celery in fat until they are tender. Then add chopped apples, sprinkle with sugar and cover. Cook until apples are tender. Add bread crumbs and season with salt and pepper. Fill pocket in pork chops with apple stuffing and cook as described above.

Christian Science Lesson-Sermon

"Matter" Is Subject

"Matter" will be the subject of the lesson-sermon Sunday, March 19, in all Churches of Christ, Scientist, branches of the Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

The Golden Text will be: "Thou shalt not take the name of the Lord thy God in vain; for the Lord will not hold him guiltless that taketh his name in vain" (Ex. 20:7). Other Bible citations will include: "Thine own wickedness shall correct thee, and thy backslidings shall reprove thee: know therefore and see that it is an evil thing and bitter, that thou hast forsaken the Lord thy God, and that my fear is not in thee, saith the Lord God of hosts" (Jer. 2:19).

The lesson-sermon will also include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Mind is not the author of matter, and the creator of ideas is not the creator of illusions. Either there is no omnipotence, or omnipotence is the only power. God is the infinite, and infinity never began, will never end, and includes nothing unlike God. Whence then is soulless matter?" (p. 249).

"You Can't Take It With You" — So Why Not Enjoy Life?

Daly City Merchants Are Ready To Help You

A typical American home, as typically American as Uncle Sam, caught Artist Hirschfeld's eye, and we find the homely qualities of the dinner table caught to perfection. Lionel Barrymore is the bespectacled gentleman at the head of the table while, reading from left to right, we see James Stewart, Ann Miller, Mischa Auer, Edward Arnold, Sam Hinds, Donald Meek, Spring Byington and Jean Arthur.

Get Into the Spirit of "Better Living Week"

The lovable characters in "You Can't Take It With You" forcibly bring home the lesson that if we don't enjoy life there isn't much else that really counts.

Let's take their advice and live better . . . enjoy more. Daly City merchants have hundreds of articles that make for better living . . . a new stove for mother, a radio for the whole family, a new car . . .

Let's really make next week "Better Living Week" for Daly City, with everyone of us spending wisely for increased happiness.

***

Proclamation

We are faced with a challenge!

A family is coming to town, shouting at us: "We know how to enjoy life—do you?"

I have been privileged to meet these life-loving, fun-loving folk, and next week you will meet Grandpa Vanderhof and his household. While they are here I am calling on the people of this city to answer their challenge by participating in "Better Living Week." It seems that once Grandpa Vanderhof learned that "You Can't Take It With You," and since that time he and his family have been learning how to live and how to use that which they had rather than hoard more than they could ever hope to use. Our slogan will be: "Spend Wisely for better living—you can't take it with you."

Let us all get into the spirit of "Better Living week"—let us realize that every dollar, wisely spent means better living all around. It means that you will enjoy your purchases and that some one else in turn will be enabled to purchase something he needs. Wealth must circulate and recirculate to make more jobs and buy more things. After all, you can't take it with you, but you can enjoy the things money will buy. Buy now, and enable others to buy!

"Better Living Week" will be a week for merchants and consumer to get together. Merchants will co-operate by showing all the modern, wonderful new things that make for better living! And today's prices represent real bargains, so that the customer can't help but co-operate.

On behalf of this City, I welcome Grandpa Vanderhof and his family and their heart-warming story, "You Can't Take It With You." I welcome the challenge they bring—a challenge which we will answer to the credit of the people of this city during "Better Living Week."

PAUL G. SELMI,
Mayor of Daly City.

Jaysee Co-Eds Attend Conference

San Mateo junior college coeds are sending representatives to Fresno state college this weekend to attend a conference of student leaders from numerous colleges.

With the gold rush days of '49 as the theme, a dance will be held at the college tonight (Friday). Costumes and decorations will feature the early California days.

April 21 and 22 have been named as the dates for the term play, "You Can't Take It With You."

The college students enjoyed an assembly presented by a group of entertainers from Jefferson Union high school. The visitors were trained and directed by Dan Lembi, Jefferson teacher, who is a graduate of the jaysee.

With one part of the athletic field turned into a sea of mud, the annual interclass brawl took place between rains. The sophs proved superior in several of the odd athletic events held and again maintained the supremacy of the upper class.

Edith Pemberton, freshman coed, has been discovered to be a national swimming star with a place on Uncle Sam's 1940 Olympic team. She has won events all up and down the coast, last year taking the Pacific Coast 100 yard breaststroke championship.

The junior college trackmen lost to the University of California freshman tracksters 70½ to 51½ despite the fact that the small jaysee team took individual honors. Les Steers of the Mateans earned 15 points to lead both teams.

Crocker PTA Elects New President

Election of officers was held at the regular monthly meeting of Crocker P.T.A. which met last Tuesday afternoon. Mrs. Mildred Seiler will be installed at the April meeting as the new president. Reports were brought in from the February district meeting by Mrs. Orvilla Pauw and Mrs. Virginia Davidson. Mrs. Davidson also reported on the Presidents meeting held in Burlingame last Monday which was attended by Mrs. Davidson and Mrs. Pauw as Crocker representatives.

Children of Crocker School held a hobby show in the P.T.A. room, sponsored by Miss Smith, a teacher in the school. Members of the unit were interested in the fine collection of many different articles, including dolls, animals, stamps, tiny emblems, match-covers, plants, radios and various other articles. Model ships and airplanes were in evidence.

Sew and Sews

Members of the Crocker Sew and Sews had a grand time at the home of Mrs. Julia Jordan, Thursday of last week. The group presented Mrs. Laura Larson with a gift of remembrance as she is leaving this week for Modesto. The club is pleased to announce that Mrs. Minnie Gelardi, 333 Peoria street, was the fortunate winner of the quilt they worked so hard to complete. The next meeting of the club will be at the home of Mrs. Davidson, 581 Hanover street, Thursday of next week.

Mrs. Davidson and Mrs. Olga Bordson will represent Crocker at the district meeting in Burlingame today (Friday). Mrs. Bordson as magazine chairman, will attend the magazine luncheon.

Crocker's meeting in April will be installation of officers, and a luncheon will be served for all members at 12 o'clock on that day.

Jefferson Baseball Team Meets Jaysee

The Jeffersonians went to San Mateo, Monday after school to play San Mateo junior college in a practice game. The San Mateo team had a few former Jeffersonians on it. Pitching for San Mateo was Bill Preston; catching was Bob Adler, former S. S. F. player. On the mound for Jefferson was Herb Poddig with Roy Giusti catching. The Jefferson team played hard but were completely outclassed from the beginning. Fred Plate and Ted Cupman were released from the team this week for breaking rules laid down by Coach Biggs. The Indians are very weak in batting and if they do not improve Jefferson's chances are slim.

Jefferson's one run was scored by Bill Lekoff who singled, stole second and was brought home by George Hickey, who also made two sensational catches. Look for the Indians in their new suits soon.

Jackie Cooper Has Lead In "Gangster's Boy"

Young Player Kisses Girl for First Time In New Screen Hit

In two of Jackie Cooper's recent pictures, "White Banners" and "That Certain Age," there was a great deal of discussion as to whether or not Jackie should plant a real kiss on the lips of his leading lady, Bonita Granville in the former picture, or Deanna Durbin in the latter.

It appeared that the unanimous opinion of the mothers of those involved decreed that youth, especially at that age around the sixteen figure, shouldn't kiss on the screen.

However, when Jackie came to Monogram to play the starring role in "Gangster's Boy" scheduled to open Sunday, March 19, at the Daly City theatre, the script called for Jackie to kiss red-headed fourteen year old Lucy Gilman. The kissing discussion once again reached the surface.

Director William Nigh then decided to end all discussion about "this kissing business." One day, when more than 150 extras were working as high school students, Nigh took a vote. The result was that Jackie and Lucy really kiss each other at the end of the picture.

To this Jackie remarked: "Anyhow I'm sixteen now. That should make a difference." He had just celebrated his sixteenth birthday a few days before.

An outstanding cast of supporting players is seen with young Cooper in "Gangster's Boy" including Robert Warwick, Louise Lorimer, Tommy Wonder, Selmer Jackson, Bobby Stone, Betty Blythe, Bradley Metcalf, Huntley Gordon, William Gould, Jack Kennedy and Herbert Evans.

Second big feature which will show on the new bill at the Daly City theatre, March 19, 20 and 21 is "Artists and Models Abroad," starring Joan Bennett and Jack Benny.

In all the dozens of pictures Jackie Cooper has starred in, he has never kissed any of his leading ladies. Now, for the first time, film executives decided that Jackie being sixteen, it would be permissable for him to kiss his screen sweetheart, Lucy Gilman, in "Gangster's Boy," which will play at the Daly City theatre, Sunday, Monday and Tuesday, March 19, 20 and 21.

Oxford Group Presents "Youth Marches On"

Here is "different" moving picture news—Some young fellows of the Oxford Group decided the need of the world was the same as their own—moral and spiritual rearmament and so with $175 and a song they began the movie, "Youth Marches On." The idea was infectious; everyone wanted to help. Shotguns, stamp collections, savings, extra shoes, were sold and the proceeds put in the pot; a former motion picture cameraman donated his services for six months; a composer left his unfinished symphony to write the music.

"Youth Marches On" is a true story of real people in the Oxford Group pioneering to remake that world. The picture, already seen by an audience of four million, and being translated into four languages, will be showing at the Daly City Theatre Sunday, Monday and Tuesday, March 19, 20 and 21.
